

Time to get rolling for new agreements at Menzies

The ASU has just released our new Enterprise Bargaining Agreement (EBA) survey for customer service staff employed at Menzies related companies across Australia

Our Menzies agreement for Melbourne and Sydney and for Brisbane expire early in 2014 and it is now time to start determining what issues we want in any new agreements we negotiate next year.

Make your voice heard

This EBA survey enables staff to express a view about what we should claim in this next bargaining round, so it is important that as many people as possible complete the survey.

These are interesting times in aviation – Menzies has started up different companies to pay staff different rates of pay for the same work, contracts are changing hands between ground handlers and Menzies has also contracted out some services that were previously performed by Menzies staff. So there is plenty to consider and have a view about.

The survey

The survey can be completed in hard copy or online – ask your local delegate or organiser how to access the survey.

The survey will close on 20th December 2013, ASU delegates and officials will analyse the results and make recommendations to members about what we should put in our claim for a new agreement. Watch out for more details
