

Mater Administrative Employees' Enterprise Agreement: Vote NO against a cut to your wages and a cut to conditions

Mater are pushing you to vote "yes" for a cash bonus. But why don't they roll that in so you keep a real benefit? And why do they want you to fall behind Queensland Health again? The proposed agreement will take away your hard won conditions and only offers cuts and is not good enough.

I'm voting NO because:

My perception of negotiations like this is that there should be some give and take. The Mater is not giving anything in this agreement and are taking more than I would have ever thought reasonable.

I am concerned that the 1.5% wage increase does not align with inflation so my standard of living is going to be reduced.

Additionally I have no faith that a similarly raw deal will not be tabled in two years when the agreement is renegotiated.

I have heard from multiple reliable sources that the car parking fees are going to double in the very soon which will negate the bonus and erode the pitiful wage offer.
