

## In-Principle Agreement Reached

**Agreement was reached on 23 December, 2011 between the negotiating parties for a replacement Stanwell Corporate Agreement.**

Yearly wage increases that have been negotiated as per the GOC wages policy are:

- 2.5% base increase and 1% linked to productivity;
- 0.5% Off Wages Payment paid as a lump sum.

As in-principle agreement was reached during the month of December, the wage increase will be backdated to 1 December, 2011.

The Agreement will expire on 30 October, 2014.

Other conditions that were agreed to include:

- Attachment to the Agreement of the Electricity, Generation, Transmission and Supply Award;
- A new classification structure; and
- An opportunity for all employees, this includes employees who are on Standard Employment Arrangements, to have their position descriptions reviewed within 6 months of approval of the Agreement by Fair Work Australia (FWA). The reviewed position description will then be assessed against the new classification structure. Those employed under AEA, AIA, Contract A or Contract B employees can also specifically request to be included in this process.

Drafting of the Agreement will begin in late January, 2012. Your Union representatives will keep you updated as drafting of the Agreement progresses.

**If you require further information in relation to these negotiations, please contact your workplace Delegate or phone the union office on 1800 177 244 or email: [members@qld.asu.net.au](mailto:members@qld.asu.net.au)**
