

Enterprise Bargaining Update

Negotiations for your replacement Collective Agreement have now concluded, with staff voting on the Agreement on Tuesday, 17 January, 2012.

The Agreement has been given approval by staff, with a 75% majority voting in favour of the proposed Collective Agreement.

The Collective Agreement will be sent off to Fair Work Australia (FWA) in the coming weeks, and we expect it to be ratified by FWA mid to late February, 2012.

Further communications will be sent out to members in due course to advise you of how it is progressing through FWA and what the next steps are in relation to implementation of the Agreement.

If you require further information in relation to this bulletin, please contact your local workplace Delegate or email: members@qld.asu.net.au or phone the union office on 1800 177 244.
