

A message from the ASU Jetstar EBA 5 National Negotiating Team

Your Jetstar Delegates have met on a number of occasions to discuss and build our Union's strategy for the forthcoming Jetstar EBA 5 campaign, including who will be in the National Negotiating Team (NNT). The NNT is made up of eight Delegates who are passionate about their work and are dedicated to improving working conditions for all Jetstar staff.

We would like to take this opportunity to introduce ourselves to ASU members. We come from differing backgrounds and bring a range of experiences, but we are all focused on the same goal: working with ASU members, with delegates and with each other to achieve the best deal for our members.

We all know what it means to work at Jetstar and how vital our work is for the company. We respect Jetstar employees and the work that each of us do. We know that we all want Jetstar management to respect us and respect our work by ensuring we have the best agreement we can have. This is our theme for our campaign – Respect Us, Respect Our Work.

During negotiations we will also be assisted by ASU officials from the state and national level with bargaining experience across the airline and other industries. We are representative, we are resourced and we are ready to negotiate. When we stand together, we win together.

We are able to receive feedback from ASU members throughout the negotiations and we encourage your input. We will hold regular meetings with you and provide up to date information through bulletins. You can contact us any time at work or via email airlines@asu.asn.au

Updates will also be posted on our dedicated Jetstar EBA page so remember to check it regularly.

We are all excited about this new campaign and look forward to working with you.

Adam Thompson

Adam likes working with Jetstar because he loves the people. The reason he got involved with the NNT is because he wants the voice of the members in Cairns to be heard, they have challenges unique to Cairns Airport. He wants to change the "US" Them" attitude because everyone wants the company to be profitable and successful not only the managers

Amanda enjoys being a part of the customers' journey. The major issue raised by Amada is the risk of contractors performing roles for less money. The reason she got involved with the NNT is to make sure the views of the small team at Avalon is heard

Leithan Goodridge

OOL

Leithan likes working with Jetstar because of the variety of work and great team at OOL. The outcome he wants from the EBA negotiations is job security, more full time positions and more hours for part timers. The major issue at work is the shared wet weather gear which is not practical or healthy. What he would like to see change at Jetstar is more staff recognition, work life balance and equality at work
