## Collective Bargaining at Queensland Motorways has commenced

**The Queensland Motorways Management Pty Ltd Enterprise Bargaining Agreement 2011 expires next month and the renegotiation of your agreement has commenced.**

The initial meeting was held on Tuesday 10 June, 2014 and your ASU Delegates presented your claims to management on Thursday 12 June, 2014.

Management expects to respond to your claims next week.

Collective Bargaining is a challenging process at the best of times and the Queensland Motorways bargain will be difficult due to the size of the organisation and the diversity of jobs covered by the agreement.

Upon presentation of the Log Of Claims management expressed their concerns over the number of claims and raised the possibility of outsourcing.

**The ASU reinforced to management that this is a Queensland Company and these are Queensland jobs and we want the work performed in Queensland.**

If this is your position as well you need to speak to your Delegates today to find out how you can assist in protecting job security at Queensland Motorways Holding.
