

Why Are We Still Waiting?

The Aero-Care Agreement still hasn't been approved by the independent industrial court.

The Court has done an independent analysis and believes that Aero-Care's Agreement **does not meet the legal minimum you're entitled to.**

That is what your union, the ASU believes too. The Court is asking your union and Aero-Care to put further information to them by Wednesday 4th April.

We're on your side, we just want to ensure that you get what you're entitled to.

If you want more information about where Aero-Care's Agreement doesn't meet the legal minimum and what you should be receiving instead, contact:
