

Time to start preparations for Agreement Negotiations

The Toll Dnata Ramp and Cargo national agreement for all ports except Perth expires on 1st May 2013

It will soon be time to start negotiations for a new agreement but before we do the ASU has prepared a national survey to determine what are the key issues that you want to achieve in the next agreement.

Time to have your say

This survey is the perfect opportunity to have your say about how Toll Dnata can be a better place to work.

We are interested in knowing what you think is important and what you want from the next agreement (EBA).

The survey is confidential – no information will be disclosed to anyone.

If you want to volunteer to help during the campaign to get the best deal you can, there is also an opportunity to nominate.

The survey will close on 21st March 2013 so make sure you fill it in quickly and you get others to do the same.

What next?

The ASU representatives will compile the survey results and then seek approval from ASU members to make a claim for the next agreement, so we can start the negotiations with Toll Dnata.

Watch out for more bulletins about the process shortly.

Need more information?

If you want more information contact your local ASU organiser.

STATE	NAME	MOBILE
