

ASU Members Enterprise Bargaining Meeting Coming Up!

You have a voice ... have your say on workplace issues at API.

What at API would you change to make this a better place to work? What conditions would you improve? How much pay do you think is fair?

Your current Enterprise Agreement is due to expire and negotiations will take place between your union representatives and management to negotiate a new Agreement. Your Enterprise Agreement sets out your working conditions and pay for the next few years, so it is important that you have your say on what should be in it.

If you're an ASU member you have a voice. If you want to have your say, come along in your lunch break to meet with your ASU Officials and to talk about your Enterprise Agreement.
