Attn: Star Track Express Staff

The Australian Services Union represents clerical workers in the transport and freight industry right around the country.

In doing so, we get the opportunity to speak for you when negotiating new wages and conditions with your employer, and with our elected Delegates involved.

It's been a little while since the amalgamation with Star Track Express, Australian Air Express Retail on and off Businesses.

The ASU wants to know how you have settled in?

Why, because we understand that there are different sets of conditions due to this merger and you may have some questions about where you stand.

Do you know what pay and conditions or contracts are in place where you work?

- AaE Retail EBA;
- AaE On Airport EBA;
- Star Track Contract;
- Some staff could even be employed through a labour hire agency;
- Not sure?

A lot of workers would find this confusing to have so many different contracts.

We know that Star Track workers in Victoria are concerned about the different sets of pay and conditions because

they know that employees at Star Track all work on the same team and should all get the same wages and believe it's time that we spoke with one voice.

Would you agree with this? **Would you like to see one Agreement at Star Track?** Would you like to help make your workplace a better place to work?

Please provide your name and contact details below so that we can keep communicating with you.
