About Member Savings

We know that with the rising cost of living, every dollar counts. That's why your union is making it as easy as possible for you to make hundreds of dollars in savings through the collective buying power of your union membership.

We are doing this by offering a platform of member savings that will mean you can easily save more than your union fees each and every year.

On our webpage - www.together.org.au/member-savings you can access the Member Advantage and Union Shopper services to make savings. As a Together ASU member you can use either program – or both!

Together ASU members are already making savings totalling more than \$1000 a year through Woolworths and Coles electronic gift cards that are delivered directly to your email – often within hours of ordering. Through registering with the Good Guys Commercial, members can access discounted pricing on the entire The Good Guys range – that's great deals on over 4,000 products. You can make up to a further 5% savings using a Good Guys electronic gift card as well!

We already know that when workplaces are union they get better wages and conditions - this page shows you how you can use your membership to save every day.

Go to www.together.org.au/member-savings for more information
